DETAILS OF CANDIDATE

NAME:	MATRIX NO.:
FACULTY/CENTRE/INSTITUTE:	PROGRAM:

MODE OF STUDY:	PhD ☐	MASTER ☐
SESSION:		SEMESTER
TYPE OF STUDY:	FULL TIME ☐	PART TIME ☐

TITLE:

SPECIFIC FIELD:

PARTICULARS	SCORING RUBRIC					MARKS
	POOR	**NOT SATISFACTORY**	**SATISFACTORY**	**GOOD**	**EXCELLENT**	
	1	**2**	**3**	**4**	**5**	
PLO1 – Knowledge (25%)	Not able to understand the topic. / Not able to integrate existing ideas related to research background, objectives, scope, and theory.	Limited understanding of topic. / Limited ability to integrate existing ideas related to research background, objectives, scope, and theory.	Acceptable understanding of topic. / Able to integrate existing ideas related to research background, objectives, scope, and theory.	Good understanding of topic. / Good ability to integrate existing ideas related to research background, objectives, scope, and theory.	Complete understanding of topic. / Outstanding ability to integrate existing ideas related to research background, objectives, scope, and theory.	
PLO4 – Interpersonal skills (10%)	No interest to participate in conversation and cannot convey important information.	Less interest to participate in conversation and less convey important information.	Substantial interest to participate in conversation and convey important information.	Good participation in conversation and conveying important information.	Active to participate in conversation and conveying important information.	

PLO5 – Communication Skills (20%)	Not able to deliver ideas clearly and require major improvements. / Shows no interest in elaborating the progress during presentation. / Not able to understand and respond to a question.	Able to deliver ideas and require further improvements. / Shows little or mixed feelings in elaborating the progress during presentation. / Able to understand and answer questions but not able to accurately answer the question.	Able to deliver ideas fairly clearly and require minor improvements. / Shows some enthusiastic feelings in elaborating the progress during presentation. / Able to understand and answer questions satisfactorily.	Able to deliver ideas clearly. / Demonstrate enthusiastic feelings in elaborating the progress during presentation. / Able to understand and respond to questions well.	Able to deliver ideas with great clarity. / Demonstrates strong enthusiasm in elaborating the progress during the entire presentation. / Able to fully understand and respond to questions very well with confidence.	
PLO6 – Digital Skills (25%)	Not able to use digital devices, communication applications, and networks to facilitate the articulation of significant findings or output in research.	Limited ability to use digital devices, communication applications, and networks to facilitate the articulation of significant findings or output in research.	Able to use digital devices, communication applications, and networks to facilitate the articulation of significant findings or output in research.	Good ability to use digital devices, communication applications, and networks to facilitate the articulation of significant findings or output in research.	Outstanding ability to use digital devices, communication applications, and networks to facilitate the articulation of significant findings or output in research.	
PLO11 - Ethics & professionalism (20%)	Not aware of access permit and approval of animal ethics committee are needed for conducting research / Not yet apply access permit and approval of animal ethics committee (if required). / No progress.	Aware of access permit and approval of animal ethics committee are needed for conducting research with limited understanding of the application process / Application (if required) is in preparation phase. / Slow progress.	Aware of access permit and approval of animal ethics committee are needed for conducting research with acceptable understanding of the application process / Application (if required) has been submitted. / Satisfactory progress.	Aware of access permit and approval of animal ethics committee are needed for conducting research with good understanding of the application process / Access permit and approval of animal ethics committee (if required) are granted, but expired. / Progress on track.	Aware of access permit and approval of animal ethics committee are needed for conducting research with good understanding of the application process. / Access permit and approval of animal ethics committee (if required) are granted and up to date. / Excellent progress and can GOT.
