

DETAILS OF CANDIDATE						
NAME:			MATRIX NO.:			
FACULTY/CENTRE/INSTITUTE:			PROGRAM:			
MODE OF STUDY:	PhD	<input type="checkbox"/>	MASTER	<input type="checkbox"/>		
SESSION:			SEMESTER			
TYPE OF STUDY:	FULL TIME	<input type="checkbox"/>	PART TIME	<input type="checkbox"/>		
TITLE:						
SPECIFIC FIELD:						
PARTICULARS	SCORING RUBRIC					MARKS
	POOR	NOT SATISFACTORY	SATISFACTORY	GOOD	EXCELLENT	
	1	2	3	4	5	
PLO1 – Knowledge (20%)	Not able to understand the topic. / Not able to integrate existing ideas related to research background, objectives, scope, and theory.	Limited understanding of topic. / Limited ability to integrate existing ideas related to research background, objectives, scope, and theory.	Acceptable understanding of topic. / Able to integrate existing ideas related to research background, objectives, scope, and theory.	Good understanding of topic. / Good ability to integrate existing ideas related to research background, objectives, scope, and theory.	Complete understanding of topic. / Outstanding ability to integrate existing ideas related to research background, objectives, scope, and theory.	
PLO2 – Cognitive Skills (25%)	Not able to organize and analyze gathered information or data. / Not able to interpret and summarize the gathered information. / Unable to provide recommendations for further improvement in research.	Finds difficulty in organizing and analyzing gathered information or data. / Finds difficulty in interpreting and summarizing the gathered information. / Finds difficulty to provide recommendations for further improvement in research.	Able to organize and analyze gathered information or data at a minimum level. / Able to interpret and summarize the gathered information at a minimum level. / Able to provide recommendations for further improvement in research.	Able to organize and analyze gathered information or data. / Able to interpret and summarize the gathered information. / Able to provide and elaborate the recommendation for further improvement in research.	Able to organize and analyze gathered information or data with great effect. / Able to interpret and summarize the gathered information with great effect. / Able to provide and prominently elaborate the recommendation for further improvement in research.	

PLO4 – Interpersonal skills (15%)	No interest to participate in conversation and cannot convey important information.	Less interest to participate in conversation and less convey important information.	Substantial interest to participate in conversation and convey important information.	Good participation in conversation and conveying important information.	Active to participate in conversation and conveying important information.	
PLO5 – Communication Skills (20%)	Not able to deliver ideas clearly and require major improvements. / Shows no interest in elaborating findings during presentation. / Not able to understand and respond to a question.	Able to deliver ideas and require further improvements. / Shows little or mixed feelings in elaborating findings during presentation. / Able to understand and answer questions but not able to accurately answer the question.	Able to deliver ideas fairly clearly and require minor improvements. / Shows some enthusiastic feelings in elaborating findings during presentation. / Able to understand and answer questions satisfactorily.	Able to deliver ideas clearly. / Demonstrate enthusiastic feelings in elaborating findings during presentation. / Able to understand and respond to questions well.	Able to deliver ideas with great clarity. / Demonstrates strong enthusiasm in elaborating findings during the entire presentation. / Able to fully understand and respond to questions very well with confidence.	
PLO6 – Digital Skills (15%)	Not able to use digital devices, communication applications, and networks to facilitate the articulation of significant findings or output in research.	Limited ability to use digital devices, communication applications, and networks to facilitate the articulation of significant findings or output in research.	Able to use digital devices, communication applications, and networks to facilitate the articulation of significant findings or output in research.	Good ability to use digital devices, communication applications, and networks to facilitate the articulation of significant findings or output in research.	Outstanding ability to use digital devices, communication applications, and networks to facilitate the articulation of significant findings or output in research.	
PLO10 – Entrepreneurial Skills (5%)	Unable to articulate the concept or potential of product application in markets or industries.	Demonstrates minimum ability to articulate the concept or potential of product application in markets or industries.	Clearly and convincingly pitch an idea of the concept or potential of product application in markets or industries.	Demonstrate ability to articulate the concept or potential of product application in markets or industries with substantial justification.	Clearly and convincingly articulate the concept or potential of product application in markets or industries with strong justification.
