BACKGROUND

DEVELOPING AND SUSTAINING SAFETY CULTURE IN MALAYSIA IV

Recognizing the importance of occupational safety and health (OSH), Universiti Malaysia Pahang (UMP) took the initiative to organize a seminar entitled "THE 4TH SEMINAR ON DEVELOPING AND SUSTAINING SAFETY CULTURE IN MALAYSIA (DSSCM IV)" in collaboration with UMP Advanced Education (UAE) and Social Security Organization (SOCSCO) DSSCM IV is a continuation of DSSCM III which aims to sustain safe work culture in the workplace.

DSSCM IV is organized to increase the public awareness on OSH, practice the concept of self-regulation, promote culture of prevention, improve enforcement activities and ensure OSH management system as part of the obligations to be implemented in the workplace. In addition, this seminar is a platform for sharing expertise and discussing a new direction and leadership on the OSH management at national and global levels.

OBJECTIVES

- ▶ To create opportunities for interaction and networking among students, academia and practitioners on the practice of safety at work;
- ▶ To emphasize the importance of research on safety culture in institutions of higher education;
- ▶ To nurture awareness on safety culture in the workplace comprehensively;
- ▶ To exchange information and ideas to discuss current issues related to safety behaviours in OSH management;
- ▶ To discuss direction of the OSH management at national and global levels; and
- ▶ To add value through Continuous Education Program (CEP) to OSH practitioners and Contractor Continuous Development (CCD) to Contractors.
